

The Sexual Offense Registry HAS COMPLETELY LOST ITS INTENDED PURPOSE

**95% OF NEW SEXUAL OFFENSES ARE
COMMITTED BY SOMEONE NOT ON THE
REGISTRY.**

**ONE FOURTH OF INDIVIDUALS ON THE
SEXUAL OFFENSE REGISTRY COMMITTED
THEIR OFFENSE AS A JUVENILE - 20% OF
THEM WERE UNDER 12**

*(Teenagers dating/sexting and some as young as 8 years old
on the Registry).*

**YOUR CHILD IS MORE AT RISK OF BEING
PLACED ON THE REGISTRY THAN BEING
VICTIMIZED BY SOMEONE ON IT.**

Sexual offense registries were originally presented as a means for tracking persons convicted of the most heinous offenses but have long lost that purpose.

Next – D.U.I. Registries, Domestic Violence Registries, Child Abuse Registries, Theft Registries, Drug Possession Registries.

**DEMAND LAWS BASED
ON FACT NOT FEAR**
